For Immediate Release

Air Quality Advisory Issued

(Canton, OH) - James M. Adams, Canton City Health Commissioner, has issued an Air Quality Advisory for Stark County due to high levels of Ozone. With the National Weather Service forecasting mostly sunny skies and high temperatures through Saturday, June 3, ozone concentrations may remain at a level that is unhealthy for sensitive groups. People with respiratory disease, children, older adults, and people who are active outdoors should consider limiting prolonged or heavy outdoor exertion.

To get the latest AQI readings based on the most current pollutant levels, visit www.airnow.gov.

You can help reduce levels of ground-level ozone by driving less and refueling your vehicle after sunset.

Questions concerning this health advisory may be directed to Canton City Public Health, Air Pollution Control at (330) 438-4640.
