EXPLORING OTHER PROGRAM ADAPTATIONS

The Ohio Department of Youth Services (ODYS) PREP project manager and the PREP staff from the statewide regions recently participated in a Making Proud Choices! (MPC) train-the-trainer training developed and presented by Healthy Teen Network. This training was developed based on the MPC Facilitator Manual published by ETR Associates, 5th Edition. Per the MPC facilitator curriculum, MPC is an evidenced-based, safer-sex approach to teen pregnancy and HIV/STD prevention. The intended outcome of this curriculum is to reduce the incidence of unprotected sexual behavior among adolescents and helping them make a difference in their lives by making proud and safer choices about their sexual behavior. Details on future plans about MPC will be forthcoming as the Ohio PREP staff continues to meet regarding this program.
