Stark County THRIVE Pathways Community HUB Receives Certification

Canton, Ohio – Stark County THRIVE is pleased to announce that our THRIVE Pathways Community HUB has received certification! The certification was awarded following a July meeting of the Pathways Community HUB Institute’s (PCHI) Evaluation Review Panel.

Since the THRIVE Pathways Community HUB began serving Stark County, 1,176 clients have enrolled in our HUB. We partner with eleven Care Coordinating Agencies and have 22 Community Health Workers serving pregnant women, families with a child under age one, adults with chronic disease, and coming soon, services for families with a child up to age 16 (pediatrics).

This certification reflects our HUB’s accomplishments and the great work that is on-going in our community.

Questions should be directed to Dawn Miller, THRIVE Project Manager, at dmiller@cantonhealth.org or 330.575.4098.

THRIVE is a collaborative between Stark County residents, organizations, agencies, and businesses focused on preventing and reducing the rates of infant deaths and disparities in birth outcomes. More information is available at cantonhealth.org/thrive/
