

Tips for safe FACE COVERING USE

Clean hands before and after touching the face covering.

Remove and store face covering before eating or drinking.

Wash used face coverings with detergent and hot water, then dry on the hot cycle.

Store used face coverings in a bag or bin until they can be laundered.

Always cover your nose and mouth.

Use a securely-placed bandana, scarf, or homemade cloth cover.

Avoid touching the face covering.

It should not hang on one ear, around the neck or be pushed to the forehead.
